Painting a Rainbow

By Yanny Zaynchkovsky - Aged 9

The artist paints his picture in orange, yellow and grey,
A bright, scorching sunshine or a dark and drizzly day.

The artist paints his picture in brown, blue and green,
Silent, lonely landscapes or a lively city scene.

The artist paints his picture in red, pink and brown,
Funny, happy faces or an unhappy clown with a frown.

The artist paints his picture in black, bronze and gold,
If it's as perfect as a Picasso, he'll get millions when it's sold!

Music

By Fidha Labeeb - Aged 12

The smooth flow of piano notes, fill the silent, listening air,
A sudden dance of the violin, melody has unfurled her bounteous hair.

Notes hit on, the listeners stare in a drunken trance of joy,
Every heart beats into the blooming music, either girl or boy.

Hark thou! Listen unto the stream of a marvellous duet played.

The joyful jumps and sharps and trebles, reminds me of dancing maids.

Slipping slowly high pitched notes blend into the flowing melody,
Enchanted minds, relaxing minds, heads nod in unison to the symphony
of midnight rhapsody.

Artists **By Amelia Milborrow - Aged 8**

Lancashire was where Lowry was born.

Matchstick men are what were drawn.

Sunflowers is a painting by Vincent Van Gogh,

An artist who cut his left ear off.

In Spain lived an artist called Picasso.

He made a fifty foot sculpture for the people of Chicago.

Cézanne painted a picture of card-playing men

That was how they passed the time back then.

The Band, Artist and Lunch **By Theo Wish - Aged 9**

Pling, pling, pling goes the string,

Whilst the artist decorates with bling.

Boom, bum, bum goes the drum,

Whilst the artist draws my mum!

Hoot, hoot, toot goes the flute,

Whilst he paints a pirate with his loot.

Humpet, bumpit goes my trumpet.

Hey, the artist has eaten my crumpet!

Magical Music

By Sunetra Sen - Aged 8

Music is amazing,
It really is something.

Music can transport you to faraway lands,
It's almost as if you have magic in your hands.
When the music flows freely from your fingertips,
Wondrous words emerge from your lips.
When you learn to play music, it stays throughout
your life.

Music can get rid of your troubles and strife.

Painting

By Isha Wider - Aged 10

Painting is lots of fun.

Go outside and paint in the sun.

I will show you how to draw in no time,
All you have to do is draw circles and a line.

I love art, everyone loves art!

My sister paints whilst eating a tart.

Art is elegant, so take it slow.

Oh I love it! Why not give it a go?
